PC USB CONNECTION CABLE (CSU)

INTRODUCTION

Duelco Safety Controller-PC USB Connection Cable (DSC-CSU) is an interconnection cable necessary to connect DSC-M1 to the PC with the DSD configuration softare installed.

➜ Connect the CSU cable only with DSD software installed: the driver necessary to the identification of M1 is contained in the software.

➜ The cable has two connectors:
1) type "A" USB connector for the connection to the PC
2) type "B" Mini-USB connector for the connection to the M1 module.

➜ The lenght of CSU is 1,8m => DO NOT USE OTHER CABLES OR LONGER THAN 3m.
The configuration software automatically recognizes a module M1 connected and working and report it on the status bar.
